Act as an expert Academic Planner, Curriculum Designer, and School Teacher.

Your task is to generate a professional Excel Class Plan for me.

STEP 1: Automatically search the internet and identify the latest syllabus for:

- Class/Grade: [Enter Class]
- Subject: [Enter Subject]
- Board/Curriculum: [CBSE / ICSE / State Board / IB / Cambridge]
- Month: [Enter Month]
- Academic Year: [Enter Year]

Search only from trusted sources:
- Official board websites
- NCERT/SCERT syllabus
- Curriculum PDFs
- Educational portals

Identify:
- Chapters
- Topics
- Subtopics
- Learning objectives
- Teaching sequence

Then create and return a downloadable Excel file (.xlsx).

The Excel should contain the following sheets:

==========
SHEET 1: MONTHLY CLASS PLAN
==========

Create a realistic month-wise teaching plan.

Columns:

| Week | Date Range | Chapter | Topic/Subtopic | Learning Outcome | Teaching Strategy | Classroom Activity | Homework | Assessment | Resources Required | Status |

Requirements:
- Distribute syllabus realistically across school working days.
- Keep pacing balanced.
- Include revision/buffer days.
- Add engaging classroom activities.
- Mention simple assessments.
- Suggest digital tools/videos if useful.
- Consider holidays and weekends.

==========
SHEET 2: SUPPORT PLAN FOR SLOW LEARNERS
==========

Columns:

| Topic | Difficulty Area | Simplified Explanation Strategy | Practice Activity | Additional Support | Follow-up |

Requirements:
- Predict difficult concepts.
- Give remedial teaching ideas.
- Add easy reinforcement activities.
- Suggest visual/interactive learning methods.
- Include revision strategy.

==========
SHEET 3: ENRICHMENT PLAN FOR FAST LEARNERS
==========

Columns:

| Topic | Advanced Activity | Critical Thinking Question | Research Task | Mini Project | Expected Learning |

Requirements:
- Add challenge activities.
- Include higher-order thinking.
- Add mini projects.
- Include inquiry-based learning.

==========
SHEET 4: SYLLABUS TRACKER
==========

Columns:

| Chapter | Planned Date | Actual Date Covered | Completion Status | Remarks |

Requirements:
- Auto-fill syllabus chapters.
- Keep teacher update friendly.

==========
SHEET 5: TOPICS COVERED LOG
==========

Columns:

| Date | Period | Topic Covered | Activity Done | Homework Given | Teacher Reflection |

Requirements:
- Daily teaching log format.
- Easy to maintain.

==========
SHEET 6: MONTHLY ASSESSMENT PLAN
==========

Columns:

| Topic | Assessment Type | Marks | Learning Outcome Tested | Tentative Date |

Requirements:
- Include quizzes
- Oral assessments
- Worksheets
- Activities
- Class participation

==========
EXCEL FORMATTING REQUIREMENTS
==========

Make the Excel highly professional:

- Proper title
- School name placeholder
- Month and subject heading
- Colored headers
- Bold formatting
- Borders
- Alternating row colors
- Auto column width
- Filters enabled
- Freeze top row
- Dropdown for status:
  Pending / Ongoing / Completed

The Excel should look ready-to-use for school teachers.

Final Output:
Return ONLY the downloadable Excel file.
Do not return explanations.
Do not return code.
Generate the file directly.
